

Title: **Fascinated**

Artist: **TALLA 2XLC**

Hörprobe: <http://bit.ly/2IYzxl3>

Dear Friends & Trancelovers,

after quite a long time, I decided to present an artist album for you. As you all know, in the past years I've focused myself on melodic uplifting trance. This album contains most of my recent singles including last years' favorite, „Uprising“. I also included „Frenetic“ and Mosaic“, which I produced for DJ Rams's new label, „Nocturnal Animals“.

My album title theme, „Fascinated“, an unreleased „progger“, also contains, „Hybreed“ and the track „Bliss“, produced exclusively for this cd only, some of the recent tunes I released on my new Label, „That's Trance!“, so watch closely and follow the label.

I want to thank you all for your continous support on my gigs and tours and purchasing or streaming my songs.

Lots of love - Talla 2XLC 2019

Title: **Unholy And Saints**
Artist: **HOLY DRAGONS**

Metal veterans HOLY DRAGONS, are back with their FIFTEENTH studio album!

Hailing from Kazakhstan and having formed in the early 90s HOLY DRAGONS have remained faithful to their musical roots and have been consistent to their unique sound and style while of course throughout the years they have refined it more and more.

Speed is clearly evident in the band's style which however includes references to traditional heavy metal as well as Hard Rock. Call them Speed/Heavy Metal or Speed/Power or NWOBHM and you're spot on!

"Unholy and Saints" is the title of the band's latest offering, a follow-up to 2016's excellent "Civilizator". As usual the old school heavy metal is there along with the shredding guitars but this new album includes a small surprise, particularly for long-time fans of the band. After a line-up change, the vocals are now handled by the band's guitarist (and founding member) Chris „Thora Thorheim“ Caine!

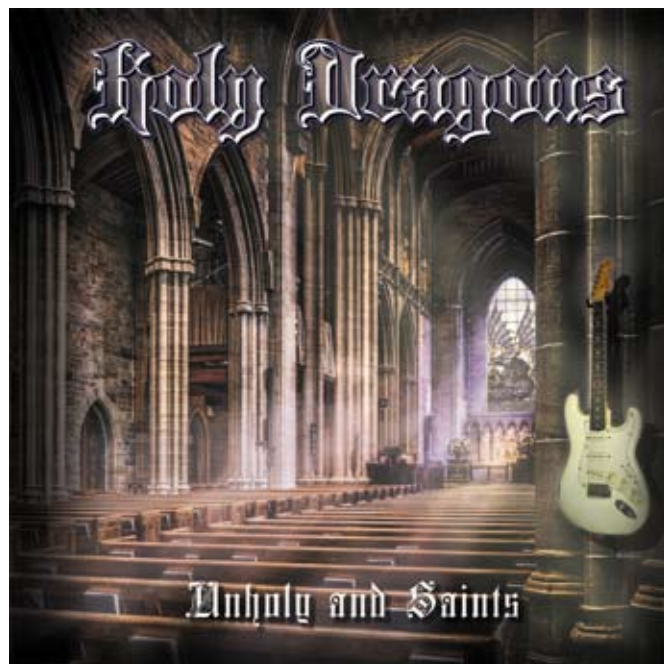

The album includes a total of 14 tracks, including "The Elf" which is a tribute to the late Ronnie James Dio.

For fans of: **Metal Church | Gamma Ray | Iron Maiden | Judas Priest | Primal Fear**
